

The Classroom Grant/Find It, Fund It online portal allows teachers to request classroom grants that will come directly from the community to create innovative learning experiences for their students. Champions For Learning funds these great ideas through the proceeds from the specialty Florida Educational License Plate along with contributions from clubs, organizations, business, and through individuals in the community who view and fund grants for which they have an interest. 100% percent of these contributions go directly into the classroom for teachers to use with their students immediately.

Funded Classroom Grant List as of October 14, 2020

FIRST NAME	LAST NAME	SCHOOL NAME	GRANT REQUEST - TITLE
